AVON CLASSIC RALLY

YORK AVON CLASSIC RALLY

19TH October 2014

After the success of our inaugural rally last year, we are well into planning the 2014 event.

We have listened to competitor feedback, and we're making some changes, while retaining all the popular features of 2013, including the complimentary morning tea at the start, the hot roast lunch at the York Recreation Centre, and the fun driving test.

This year we are holding three rallies in one.

Veteran, Vintage and Tractors will again travel about 60kms. The difference is that while all these classes will start and finish at the same time, the Tractors will deviate onto their own route, including gravel roads, bush tracks and hopefully a water crossing, re-joining the Vintage and Veteran vehicles for the driving test before lunch. Veteran, Vintage and Tractors will each be competing in their own categories, and separate trophies and team awards will be presented.

The modern classic and racing car divisions will cover about 120kms on new and scenic roads, taking in even more of the picturesque Avon Valley, before their driving test, lunch and trophy presentation.

Back by popular demand in 2014 will be photo slideshow of the event during lunch (photos can later be emailed to your email address).

As in 2013, a full page coverage in The Countryman, Avon Gazette and York Community News, and a two page spread in the Early Auto Magazine are anticipated.
